OMAR VILLANUEVA

Full Stack Developer with a passion for the extraordinary.

C: Calgary, AB. | **E**: digitalvilla01@gmail.com | **L**: linkedin.com/in/digitalvilla
M: (587) 229-3860 | **W**: www.digitalvilla.co | **G**: github.com/DigitalVilla

SUMMARY

Aside from the skills acquired at SAIT, 90% of my work portfolio is made of self-taught technologies that are not taught in the diploma. One example is the MERN stack (MongoDB, Express, React & Node). And I am currently working on adding React Native to my skill set.

I have acquired this self-taught knowledge while maintaining a 4.0 GPA each semester and participating in SAIT's mentor-ship program to motivate new students to achieve excellence in every area of life.

EXPERIENCE

Freelancer/Entrepreneur   @ Digital Villa
Jan 2015– Present
Main Responsibilities:

- Services: Web design, branding, logo design, business cards, posters & digital photography.
